 *With the Energy Innovation Center, M-WERC will establish a fully integrated ecosystem for companies, individuals, and a variety of economic development and academic organizations that will catalyze energy, power and control technology and industry development. This organization was founded to support and build on our region's energy, power and control industry cluster, and the center will focus on supporting and growing companies to fill industry gaps.* 

Alan Perlstein  
Executive Director and CEO  
Mid-West Energy Research Consortium (M-WERC)
