The Wisconsin economy
supplies more than

\$6 BILLION*

in products and services
to the state's biohealth industry.

\$32 BILLION*

economic impact of Wisconsin's
biohealth industry

INDUSTRY STRONG. TECHNOLOGY SMART. FUTURE READY.

“ As in many areas of the country, workers are scarce, but Wisconsin is actively building links between the education system and employers. Nolato is an enthusiastic participant in the Career Cruising/Inspire program for middle school and high school students. In addition, the willingness of the technical colleges to listen and provide focused training and internships is powerful. Along with the superior quality of engineering graduates from UW-Stout, all of these factors have led us to the decision that Wisconsin is the right place to grow and expand. ”

RUSSELL STEELE

President/Managing Director
Nolato Contour
